Lean Applied to Acquisition Business Processes

Location: University of Tennessee, Knoxville
Duration: 4 days
Course fee: $3800
Website: http://AandDPortfolio.utk.edu

Who Should Attend?
Acquisition personnel at all levels of the organization who are responsible for the acquisitions process

Program Overview:
During this four-day program, participants learn to apply Lean best practices to develop a continuous improvement strategy; align business processes with the creation of customer-defined value; and increase innovation, efficiency, productivity and job satisfaction.

Key Benefits:
- Identify and attack efficiency opportunities and elimination wastes and constraints
- Improve life cycle management processes
- Increase customer satisfaction while reducing costs
- Aerospace & defense based case studies link theory and practice
- Enhance organizational efficiency and expand your organization’s capacity for growth with no additional resources or costs to improve the efficiency of all business processes
- Ongoing faculty mentorship

Participants return to their organization with an action plan that contains clearly defined strategies for improving processes, achieving a competitive advantage, and building a culture of continuous improvement and innovation.

This course also is offered as a custom course on the Knoxville campus or at an organization’s preferred location.
